JOSEPH MCKIBBEN

Killed Last Night By a C. and O. Train at Limestone Street

Joseph McKibben, one of Maysville's best known citizens, was killed last night at 8:45 by being struck by the Maysville Accommodation opposite Limestone street.

Mr. H. M. Williams and the deceased were together sitting on the Eastbound track when the Maysville Accommodation passed up on the West track to the Turn-table.

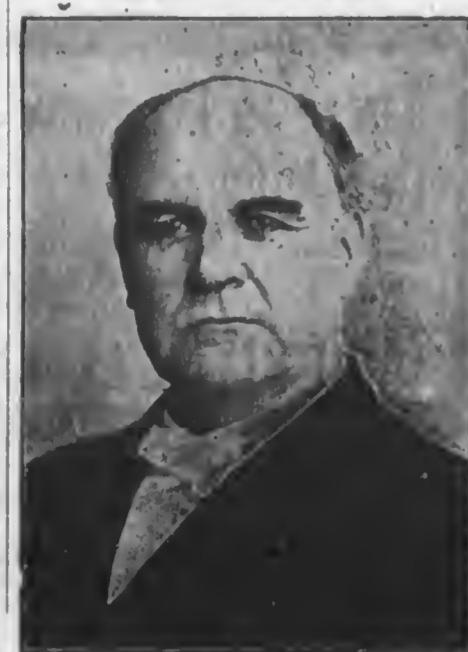

On the return of the train Mr. Williams stepped clear of the track and out of danger. Mr. McKibben became confused by the glare of the headlight, and before he could recover himself the locomotive struck him and buried him to the street below, killing him instantly.

Coroner Orr held an inquest with a verdict of accidental death.

Mr. McKibben was a native of Bracken county and was aged about 66 years. He belonged to one of the largest and most influential families in the county, his father being an Elder in the Presbyterian Church. He has been a resident of this city about twenty years, being a quiet, orderly citizen.

His brother, G. H. McKibben, of Augusta, arrived last night and his sister came in this morning from Lexington.

The remains were taken to Coughlin's undertaking establishment, and will be shipped this afternoon to Augusta for interment.

Will speak Sunday morning, June 17th, at the Christian Church; afternoon at 3 o'clock, at the First M. E. Church, South; and at the Opera-house at 7:45. Keep this announcement in mind. See posters for further particulars.

I'm not much as a "weather sharp;" but I don't believe there is any immediate danger of the river freezing over.

At a meeting of American insurance managers in New York resolutions were unanimously adopted setting forth the position of the underwriters represented as regards the adjustment of liabilities in the San Francisco conflagration. The rulings adopted affect, it is claimed, not less than 75% of the insurance carried by American corporations, and explicitly deny liability for purely earthquake losses. This is a bit encouraging, anyway; it will not be necessary to quite double the rates in Maysville to recoup the losses in San Francisco.

"THERE was a time when Americans were apt to shrug their shoulders at the news of the latest Anarchist outrages in Europe and remark that such a thing would not be possible in free America. The tremendous egotism of Czolgosz, who put his own mad hate above the expressed choice of six million American voters, made this attitude no longer possible. Since the assassination of McKinley, Americans have had more sympathy for the victims of Anarchistic outrages abroad than they felt before that time," says The Times-Star; and yet the American people, and the Congress which spent so much hot air in legislating against Anarchists, persistently refuse to adopt any adequate means to wipe out the assassins who infest Paterson, Baltimore, Chicago and New York.

THE Reform administration in Cincinnati, which has set out to close the saloons, on Monday last closed also the immense water tanks on Mt. Auburn, and that district was as dry as the Desert of Sahara. Several Detectives were sent out with search warrants to find out whose fault it was; but it is supposed they have joined the gang that robbed the Dover Postoffice, as they've never been heard from.

MARK SLATER, Supervisor of State Printing in Ohio, refused to turn over his office to his successor, J. W. JOHNSON, who was appointed by the Governor. He bases his refusal on two grounds:

First—That Mr. JOHNSON is not a practical printer as the Statute requires.

If this is true, the second ground is not necessary; but friends of JOHNSON say that he is a practical printer, "having published a newspaper for over twenty years and done everything in connection with setting type up." After such a recommendation as that—that Mr. JOHNSON has done everything connected with "setting type up"—Mr. SLATER ought to hand over the office stool and the composing-room towel. It's almost as good as the recommendation a proud father gave to me for his boy many years ago—"JIM is a good printer; he can set a gallon of type a day!"

A LIBERAL VIEW.

Youth's Companion.

It is a well known fact that parents occasionally get from the conversation of their offspring food for consideration, even suggestions for the revision of pet delusions.

Mrs. Brockett had issued orders to Reginald that he must not under any circumstances go over again to play with the Martin boys, lest he be corrupted.

"Aw, mamma!" protested Reginald. "I like 'em, and I don't learn anything bad from 'em."

"Well, I have told you you must not play with the Martin boys. I won't have you with them. I don't believe they are good boys."

"Now, look here, mamma," cried the youngster, with noble candor, "mebby I ain't so awful good myself."

There was a peculiar sort of action in law at Oweushoro a few days ago. The old plank crossings at Commerce and Third streets have been removed and will be replaced by crushed rock, put in by the C. and O. Railway Company. Policeman John Bradford rounded up an East End colored gentleman Thursday night, whose suspicious actions were the cause of several peaceful denizens in that end of the town losing several hours sleep. When collared he was lying in the weeds watching a certain house. At first he refused to give an account of himself, but when headed for jail he informed the officer that his wife was not treating him right, and doubting her fidelity he was watching to see what he could see. Being known to Mr. Bradford as an honest working man, and standing well with white citizens, he was let go.

MANAGER.

We regret to learn of the death of Mrs. Hatfield Tully of Cottleville. Mr. Tully has many relatives at this place.

Miss Ethel Doyle, who has been quite poorly with malarial fever, we are glad to report, is lots improved at this writing.

Mr. and Mrs. James Poynter were called to Woodford county on the 23d by the serious illness of their son, Cleveland, who died in Lexington in a hospital on the 24th, undergoing an operation for appendicitis. His remains were brought to this place and laid to rest in their lot in the Martin Cemetery on the 26th. Cleveland was a bright young man, aged about 23 years. On November 8th, 1905, he and Miss Rosalie Million were married, and on Sunday, February 19th, 1906, they joined the Christian Church. On the 26th of February they went to Versailles, where they had lived ever since. The entire community extends their sympathy to the bereaved young bride, and his father's family. He was only ill twenty-four hours.

The whirligig of time has brought us another

Memorial Day—now passed, and another now

coming on—alas, too swift for the old soldiers

to observe and perpetuate the valor of their

Comrades many more years. When future gen-

erations inquire, why these long rows of stones,

the answer will come from every citizen of the

Republic, the young and old. These are the

graves of the heroes who gave up their lives to

preserve the Government founded by Washin-

ton, who defended the Union, who upheld the

Starry Flag, the emblem of our liberties." It

is both fitting and proper that these Memorial

Exercises be conducted by our Comrades of the Grand Army of the Republic and that the people join in the services. We do not honor "the lost cause." It should never be recalled in praise. For the men who fought in it that cause we cherish neither harsh nor unkind feelings and of course no words of reproach. In the Civil Wars of the Roman Empire the mailed veterans of Pompey against those of Caesar and of Anthony and Brutus against Octavius were not fighting to dismember the Empire. It was a struggle between them as to which could do the most for the glory of the whole Roman power. So in England, in more modern times, their contests were not to destroy the Kingdom, but each side struggling to control the whole ununited country. Not so in the Rebellion of 1861, to 1865. Those who fought against us sought to dismember the Republic, to destroy the Union of our fathers and blot out our name from among the Nations of the earth. This is history. The men who led, and the soldiers who followed them in the attack on our Flag, have conceded that fact. We cannot, or ought not, allow any citizenship in this country other than citizenship of the United States.

ONLY ONE LEFT!

George W. Tudor Sole Survivor of City Council of 1868

Colonel R. R. Maltby of Washington sends a copy of The Maysville Republican of February 20th, 1868, printed by The Ledger Man, which contains a list of the City Councilmen, as follows—

President—Robert A. Cochran.

First Ward—John P. Plister, George W. Tudor, W. W. Pike.

Second Ward—Thomas Jackson, John A. Longridge, Thomas K. Berry.

Third Ward—John M. Stockton, James H. Radus, Robert A. Cochran.

Fourth Ward—Lewis H. Long, Charles H. Pearce, William S. Bridges.

Fifth Ward—William Ireland, E. C. Smith, James H. Hall.

The Colonel asks, "How many are living?" and the answer is—

One only—the venerable Captain George W. Tudor.

And, come to think of it, they were a very representative body of men.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that disease is Catherell. Hall's Catherell Cure is the only positive cure now known to the medical fraternity. Catherell being a constitutional disease, requires a constitutional treatment. Hall's Catherell Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonies.

STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles. Maysville People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Maysville testimony to prove it.

Mrs. Kato Poth, living at the corner of Clark street and Forest avenue, Maysville, Ky., says:

"I gave a statement about Doan's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy, procured at J. Jas. Wood & Son's Drugstore. For a long time I had an itching or eczema of the scalp. It broke out in spots, and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and I was then so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend of mine also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Doan's Ointment, and was absolutely cured."
